NOTE: Some applicants are receiving "fixed amount grants" which do not require reporting on matching funds.

Program Summary

The Missouri College Advising Corps AmeriCorps program will have AmeriCorps members provide college advisement services to students and their families in 43 high-need high schools in 27 school districts in Kansas City, St. Louis, and southern Missouri. At the end of the first program year, the AmeriCorps members will be responsible for increasing the college-going rates in partner schools over previous year's rates and as compared to a 3-year average baseline. In addition, the AmeriCorps members will leverage an additional 210 volunteers who will be engaged in facilitating activities that increase the likelihood of college aspirations, enrollment, and completion. The program will focus on the CNCS focus area of Education.
